Procedure:

1. Training is one of the most vital aspects of Fire District operations. It develops the necessary skills for the members to function in a safe manner and to provide the citizens of our community with a professional service. An on-going training program enhances our ability to deliver that professional service and this is the basic mission of the Training Division. The Training Division will be responsible for the following items:
 - a) To establish an effective all hazard training program of uniformity and standardization consistent with the goals of the District.
 - b) To ensure active participation by all members in District training program.
 - c) To ensure the Fire District meets or exceeds all applicable standards, laws and manufacturer recommendations.
