

SPOKANE COUNTY FIRE DISTRICT 8

Standard Operating Procedures

80.02.04
MOVE-UP OR OUT OF
DISTRICT COVERAGE

Adopted: 12/20/16
Reviewed: 11/09/22
Revised: 11/09/22

Approved: 

Purpose: To provide guidelines for moving out of District for station coverage.

References: N/A

Procedure:

1. Move-Up or Out-of-District Coverage.
 - a) District 8 apparatus may be moved to any station within Spokane County.
 - b) If we receive an out-of-district request for an *immediate need* response we will respond immediately and backfill our vacated station as determined by the 820 officer.
2. When District 8 receives an out-of-district request for station coverage, we will move-up for coverage at the discretion of the 820 officer.
3. If covering apparatus requires an unstaffed engine to be staffed, the on-duty 820 will ensure that the engine is in service with Dispatch.
4. *NOTE: Some run cards may dictate a response that is different from the guidelines outlined.*
